## BOB LUMAN FIRST

# Claremore Schedules 5 Benefits

CLAREMORE, Okla. — Bob Luman and the Stones River Band will appear in concert at Claremore Junior College here in February in the first of a regular series of five benefits involving major artists.

Luman will be followed in March by Tommy Overstreet and the Nashville Express. Two special attraction shows are set up for April and May. LeRoy Van Dyke kicked off the concert series at this school.

Ninety-two youngsters have moved here in the past year to enroll at the Hank Thompson School for Country and Western Music, coming from all over the nation. The school, established officially less than 18 months ago, began its first semester of operation with an enrollment of 25 students. Five months later enrollment had jumped to 81 students. They are studying country music exclusively, unlike other colleges and universities around the nation with more ambitious programs and larger enrollments.

The college has had the support of the Country Music Assn., which occasionally has provided guest lecturers. The school offers a country music artist major and another in business. Associate of arts degrees are offered in both areas.

Courses included are stage and television techniques, history of country music, country music appreciation, the contemporary American Music Industry, and copyright, as well as private lessons in country music instruments.

George Highfill and Bill Cheatum compose the full-time faculty of the country music school. Part-time instructors supplement the classes. Guest lecturers over the past year have included Tommy Overstreet, Dot Records; Bill Monroe, MCA Records; Bill Williams of Billboard; Jo Walker, executive director of the CMA; Frances Preston, vice president of BMI; Roger Sovine, BMI; Bill Denny, Cedarwood Publishing; Johnny Duncanson, Columbia; Carmel Taylor, Norris Wilson and George Ritchie, songwriters; Doodle Owens and Lou Rochelle, also songwriters; Marjion Wilkins, composer; Jo Allison, writer and publisher; Harlan Howard; writer; Fred Birch, writer, and Don Gant, ABC producer.

Larry Fowler is dean of information and development at the school.

### UCLA Offers Country Music In 8 Sessions

LOS ANGELES—UCLA Extension will launch a series of "Country Music Thursday Evenings" on campus beginning April 10.

Films, tapes and discussion will all be a part of the weekly programs, for which academic credit is given.

Among those participating are Rex Allen, Johnny Bond, Hugh Cherry, Stuart Hamblen, Barry "Dr. Demento" Hansen, Grelun Landon, Patsy Montana, Wesley Rose, Art Satherley, Larry Scott and Cliffie Stone, all prominent in the profession.

Each session will run about three hours. The non-credit fee is \$40; for three units credit the fee is \$65.

Inquiries may be sent to UCLA Extension, Box 24902, Los Angeles 90024.

## 2 Programs Syndicated

NEWPORT BEACH, Calif.—Promedia Productions, based here, has announced the availability of two syndicated radio programs expressly designed to fill an "existent gap" in programming.

One is "Hours of Praise," a 60-minute stereo program of contemporary Christian music, occasionally featuring interviews with the performers whose records are played on the program. The other is "Joyful Noise," hosted by John Baker, the longest running syndicated show of its type in the world. For nearly five years, the program has been carried on major rock stations in metropolitan areas.

"Joyful Noise" is formatted as a rock show, featuring Christian rock music, while "Hour of Praise" is geared more to Easy Listening, hosted by John Styll.

## Gospel Radio Seminar Firmed

NASHVILLE—Plans for the third annual Gospel Radio Seminar have been unveiled here, with comedian Jerry Clower and agency executive Bill Hudson heading the activities.

Hudson, president of Bill Hudson & Assoc. Inc., will speak on the topic of the "Future Of Gospel Broadcasting." As an advisor to the Gospel Music Assn., he recently aided KSON-FM in San Diego in its move to an all-country format.

Seminar committee members include Roger Sovine, Jim Black, Lou Hildreth and Aaron Brown.

Set for May 2-3, registration is \$30 for broadcasters and \$50 for members of the industry. The Airport Hilton will serve as seminar headquarters.

Ken Keene, owner of Sea Cruise Productions which handles all activities of Payne, says Payne is the first artist ever to record an album of songs written by Jerry Foster and Bill Rice, one of the leading song-writing teams in Nashville.

## Nashville Scene

By COLLEEN CLARK

**Marty Robbins** has decided to give up his hobby of stock car racing. He had his third crash in as many races last weekend at Talladega, Ala. While he has never been seriously injured, this time when he got out of his car he couldn't remember anything. "I started singing El Paso to myself just to see if I could remember the words," Robbins said, "and decided after that it was time to give it up." A special part has been written into the upcoming **Roy Rogers** movie for **Jerry Clower**, who will work the shooting in between scheduled dates. ... **Debbie Smathers** will be the next of the **Stoney Mountain Cloggers** to be married. An October ceremony is scheduled. The groom is **Glen Barber Jr.**, son of the Hickory artist, and drummer for **Roy Drusky**.

Old-time fiddle player Ed Hyde is in an advanced stage of leukemia at Vanderbilt Hospital. He was one of the original Fruit Jar Drinkers on the "Opry." ... **Tammy Wynette** was able to avoid surgery again, and will go on with her scheduled tour of England. ... **Jim & Jesse** have cut their first album for Opryland Records. ... **Gene Autry** will be a special guest on the "Country Crossroads" radio syndication put out by the Southern Baptist Church. ... **Lonzo & Oscar** are the first live acts at the Wax Museum on Nashville's Music Row.

**Eddie Miller** and daughter, Pam, played their first appearance together last week at the Copa Cabana in Oklahoma City last week. The act is being held over two weeks.

Troy Seans has signed a recording contract with Columbia Records. Chardon, Inc., a booking and management agency formed by **Charley Pride** and **Don M. Keirns** has added **R. B. Kramer** to the staff. Keirns, personal agent for Pride, and Kramer hope to add other new artists to the Chardon roster and handle all phases of management and booking. ... Official sponsors of Fan Fair '75 have alerted businessmen and fans

## COE CLICKS ON CAMPUS

NASHVILLE—A Columbia artist came to the aid of a Warner Bros. country sales director and the result was a success for everyone involved.

When Thomas Williams of Warner had to be out of town and away from his regular teaching assignment at Middle Tennessee State Univ., David Allan Coe came to the rescue.

Accompanied by Mary Ann McCready of CBS, they drove the 35 miles to teach the class in the history of commercial music. Coe was so popular that he stayed on hours beyond the allocated class time, at the urging of the students. Even the cleaning crew had to be asked to return at a later time.

Coe departed only after a promise was extracted to return next semester.

## To Golf Or Not To Golf?

NASHVILLE—Some sharply contrasting differences of opinion have cast a cloud over the Pro-Celebrity Golf Tournament scheduled here next October, and may result in a new director for the event.

One of the basic problems is the cost involved. Director Frank Rogers is said to be insisting that all industry people who participate in the tournament this year pay \$1,000 for the privilege. This fee has been consistently over the years, making the price prohibitive for the musicians and others for whom the event was first intended.

There is some pressure to replace Rogers, who took over as tournament director several years ago after having run the Fort Worth Invitational. He replaced Hal Neeley, one of the founders of the event, held in conjunction with the anniversary of the "Grand Ole Opry" each autumn.

In addition to the \$1,000 charged performers, a group of Nashville's elite known as the "Country Gentlemen" pay \$1,500 for the privilege of playing in the 36-hole event. In order to attract crowds, professional golfers then are paid to come in and participate, with a minimum guarantee for each.

The event has been the center of controversy for a number of years, and has been criticized widely by artists and musicians because of the loss of its "good will" identity.

On the other hand, it has made appreciable money in recent years, and those profits have been divided among various charities of the sponsoring organizations: the Country Music Assn.; the Nashville Tennessee and the Junior Chamber of Commerce.

J. Williams (Bill) Denney, president of Cedarwood publishing, is the CMA's representative on the golf board this year.

## Blanchard At Work

ORLANDO—Epic artist Jack Blanchard, felled by an infection for more than a month, has recovered and, with his wife Misty Morgan, is working personal appearances again. Blanchard was stricken shortly after doing a show in Roanoke, Va., just over a month ago. He has been unable to work, to write, or to get any correspondence done dur-

## Shannon Label Firms Distribs

NASHVILLE—Negotiations have been completed for the international distribution of Shannon Records, owned by Mary Reeves Davis, widow of the late Jim Reeves.

The distribution deals were worked out with British Decca for the United Kingdom and Europe, RCA of Canada, Victor Music Industries of Japan, and RCA Ltd. of Australia.

The contracts were negotiated by Harry Jenkins, general manager of Shannon, and Dick Broderick, the label's international consultant.

The early international releases include singles by Roy Head, George Kent, Bud Logan, Wilma Burgess, Harlan Sanders, Jimmy C. Newman and Nancy Ryan.

## Homa Disks Buys Producers Studio

OKLAHOMA CITY—Mickey Sherman, president of Homa Records, has purchased Producer's Workshop, a massive 16-track, quad studio here.

Sherman, who also will be president of the studio complex, will produce his own records there, basically country, and also do custom work. In addition to the studio, he bought all the adjoining property, including a small shopping center.

Gene Delehay will maintain offices in the building, and continue the production of commercials. Fuzzy Cummings will operate the studio.

Sherman has just finished a new single and LP with Anthony Armstrong, strong Jones, and a single by Walt Wilder which is a tribute to the late Bob Willis.

The Producer's Workshop studio is fully equipped, with organ, drums and other instruments.

## Brite Star Sees Bright Custom \$

NASHVILLE—Brite Star Records' Tex Clark takes issue with those expressing doubts over the future of the custom business. Clark, who handles production, promotion and distribution, says his custom business is booming, and repeat business is on the increase.

"We see absolutely no signs of a recession in this field," he says. He says he has tried to hold costs down during this time, and consequently all facets of his business are on the upswing.

A single on new artist Carl Storey already has been cut, and is scheduled for release in the very near future.

## Mrs. Rose Ailing

NASHVILLE—Mrs. Margaret Rose, wife of publisher and label executive Wesley Rose, was in serious but stable condition at Park View Hospital here following a massive heart attack.

She was placed in intensive care following the coronary, which occurred while she was at home.

Rose heads Hickory Records and the Acuff-Rose Publishing complex.

## 8-Track Sales Unhurt By CB Radios

NASHVILLE—The noticeable upsurge in the use of citizen's band by truckers as well as private citizens has not proportionately affected the sale of 8-track tape in the country field.

Truckers are among the largest volume buyers of country tapes, and lately the Federal Communications office in Gettysburg, Pa., has been besieged with requests for licenses for operating the CB radios. They have become almost a way of life in the music industry here.

With a backlog of requests, many truckers and private citizens have gone ahead with their installations of the devices, and have adopted code names. It is a more constant form of communication here now than the telephone. It's estimated that more than 250 artists and executives in the music field have them installed in their cars. Many, indeed, have been stolen. They have surpassed tape decks as a target for theft.

But truckers interviewed at random say they still rely on 8-track tapes to entertain them on their runs, while they have cut back appreciably on listening to AM radio. Instead, they are communicating with other drivers. The bands are so jammed now there are times when it is almost impossible to communicate.

Promotion directors of the various companies, noting that while pop album and 8-track sales are down, say they have not fallen percentage-wise to the total product sold.

They tend to place this on a lack of pricing variance in the country field, pointing out that an album which costs \$15,000 to produce is selling at retail for the same price as an album which may cost \$100,000 in production.

What effect the lack of radio listening will have on eventual tape buys is impossible to gauge at this time. Presumably, however, the truckers have not started to change their habits, nor is there any indication that they will in the foreseeable future.

## Kenton's Memory Short; He Made a Tex Ritter Album

NASHVILLE—Country music people here, alternately shocked and amused by the outburst of Stan Kenton against this form of music (Billboard, June 28), suggested that he might have a rather short memory.

Dorothy Ritter, widow of the late Tex Ritter and now part of the "Grand Ole Opry" and Opryland, recalls that Kenton and Ritter cut a country album together in 1965 (Capitol T-1757), containing mostly rural songs.

The album, conceived in the office of producer Lee Gillette, followed two years of requests by Kenton for Ritter to do an LP with him.

"Your music was born in America," he was quoted as saying, "as was mine." Paradoxically, it became something of a collector's item because it had the fewest sales of any album Ritter ever did.

Officials of CMA and others tended to laugh it off, suggesting that most of them enjoy Kenton's music, and certainly not personally.

**NEW YORK**—More than 1,000 fans braved inclement weather Aug. 24 to attend this city's first country music street festival, organized by Hazel James and Edith Sanders.

The free festival, held at Dag Hammarskjöld Plaza, featured more than 20 country music performing groups, including the Opryland USA Folk Music Show from Nashville, The Country Gentlemen with Troy Ferguson and Sue Smith, High Noon, Brooklyn Country and the Wretched Refuse String Band.

The show was co-sponsored by American Airlines, Paramount Pictures, Dr Pepper, Madison Square Garden, WHN-AM, the Blue Grass Club of New York, O'Lunney's and Taco Villa.

The show will be held annually

NASHVILLE—Strawboss Productions, Inc., an independent record production firm, opened last week with Capitol recording artist Roy Drusky as president.

"I have seen the need through the years for a good, reliable, first-class recording service in Nashville," says Drusky. "Strawbros Productions is not another custom record firm. We do not manufacture records at all. We are chartered to produce recording sessions only, and we're licensed by the American Federation of Musicians so that our product can be placed with any major record label. We will use major recording studios and use only the finest union musicians on all of our sessions."

Working with Drusky will be Jim Pierce and Col. Dave Mathes, as vice president and secretary-treasurer, respectively. Drusky said other staff producers would be announced in the near future.

**NASHVILLE**—The Canadian Broadcasting Corp. of Toronto has retained the Bill Goodwin Agency here to act as exclusive talent coordinator for the "Tommy Hunter Show" on a long-term basis.

David Coyle, producer-director of the show, negotiated the agreement during a two-day conference with Goodwin last week.

"We have been working with the Hunter Show for two years and are honored that Bill Lynn, executive producer, expressed his confidence in our agency. Our agency will also be contacting other agencies to schedule various acts on the show," says Goodwin.

## Observe Birthday Of Opry

By COLLEEN CLARK

NASHVILLE—The largest birthday party ever held takes place here Oct. 15-19 celebrating WSM's golden anniversary of the "Grand Ole Opry."

The most enduring radio program in the history of broadcasting, the "Opry" has not missed a weekly broadcast since 1925.

Over 6,000 representatives employed in the production, promotion, or distribution of country music, as well as the industry's greatest artists, top athletes, movie stars and other celebrities will attend the festivities honoring the famous show.

Part of the celebration will be the taping of a 90-minute salute featuring past and present members of the famous radio show plus special guests. Noted film and stage actor, Hal Holbrook, will serve as moderator. The show is set to air on ABC TV Nov. 11.

The actual celebration begins Oct. 15, with the Early Bird Bluegrass concert, and is climaxed by the cake-cutting finale on stage at the "Opry."

Shows, luncheons, dinners, hospitalities, plus the chance to meet with DJs and other industry officials who market country music are open to registrants.

Those eligible to attend must send a registration form along with a check for \$10 payable to the Opry Trust Fund, and a separate \$5 check payable to the Opry Celebration.

The \$10 Opry Trust Fund fee is a contribution. All revenue received is channeled to the Fund, established in 1965, to give financial assistance in time of need, emergency or catastrophe to country musicians or their families. The Trust Fund has distributed over \$300,000 since its inception. The remaining \$15 from each registration helps defray a portion of the cost incurred by the sponsoring firms. For information on registration write Grand Ole Opry Birthday Celebration, P. O. Box 2138, 2800 Opryland Drive, Nashville, TN 37214.

## Daredevils Enthuse On U.K. Crowds

NASHVILLE—Just off their first concert tour of England and Scotland, the Ozark Mountain Daredevils' manager, Stan Plesser, says "English youngsters have turned to country music mainly because of American artists. Although our music isn't the same the kids wanted to hear the country tunes, and all about the Ozark Mountain region."

The Daredevils cut an album in England. They had never performed there until this season. "The press coverage and public acclaim was fantastic," Plesser reports. "The country music shows were sold out everywhere, and we were known before we were known."

More country artists have toured Europe this year than ever before, and the demand is not diminishing. Johnny Cash just completed a sold-out tour of Great Britain. George Hamilton IV is off on one of the longest tours ever set with a total of 42 dates in England, Scotland and Ireland. Slim Whitman makes about two European tours a year, and has long been a favorite there.

## New Promo Idea Teed By Cooper

NASHVILLE—New Country Dimension, a country record promotion company concentrating on new labels and artists, has been organized by George Cooper III.

"With most major market stations adopting radically shortened playlists, it has become virtually impossible to expose new artists using the techniques that were formerly successful," Cooper says.

He has operated Country Collage, a record promotion firm here, for six years, and declares he had found during that time that there are several stations that take pride in exposing relatively unknown artists and are able to create a demand in their markets, but no one is taking advantage of this valuable tool. "We intend to work closely with these stations and stores, document the success a record receives in these areas and carry a proven success story to the nation with believability," he says.

Cooper believes this concept is a necessity for a new label and artist to have success. A promotion company can no longer justify the fee they must charge new artists utilizing the same methods they use with established artists.

Country Collage will continue operating under present guidelines and

## Nashville Scene

By COLLEEN CLARK

Willie Nelson has acquired a new bus for touring. Not quite as large as the Silver Eagle buses used by many artists, it is a custom-built bus that sleeps seven and Willie has dubbed it "The Golden Eagle." ... **Jerry Rivers**, currently touring with **Billy Thundercloud** and the **Chieftones**, has just recorded his first single, a comedy recitation on the Brand X label entitled, "The Texas Country Music Revolution." Rivers is best known for his fiddle work on most of the late **Hank Williams'** recordings, and wrote the book, "From Life To Legend," about Williams, which sold more than 200,000 copies. A fiddle tune called "The Flip side of the new single" should come airplay, with the apt title, "This'll Take Us Up To The News."

Benny Kubiak sent Joe Ladd, KICK's music director, a plaque with the inscription "To Joe At KICK. Thanks We Needed That." Joe broke Benny's "Tulsa On Saturday Night" in the Houston market ... **Mickey Gilley** and his Red Rose Express touring with **Loretta Lynn** and **Conway Twitty**. They visit 27 cities in 12 states over a seven-week period ... **T. G. Shepard** drove the 1,800 miles from Memphis to Hollywood to begin his Western states tour. He made the trip in 30 hours ... **Roy Clark** set a house record last week with his first appearance at the Tulsa Trochies in Pittsburgh where he performed for over 8,000 fans ... **Donny Osmond** drew SRO crowds seven nights. Roy headlined the show which also featured the **Oak Ridge Boys**, **Buck Trent** and **Sugarfoot** ... **Linda Ronstadt**, **Dolly Parton** and **Ned Yelling** sang back-up on **Emmylou Harris**'s new single, "Light Of The Stable." It was Young's last session prior to an operation on his throat ... **Ronnie Millsap** joined morning **DJ Bob Young** at radio station **WMC** in Memphis for four hours, playing records and taking phone calls.

**Tommy Overstreet** hit one of the quarter slot machines for a \$500 jackpot while appearing for the second time at the Landmark Hotel's "Country Music U.S.A. Revue." ... **Roy Clark** taking a month-long vacation after hosting "Tonight Show" Dec. 1. ... **Joey Martin** is busy going over material for his upcoming Melodyland session. It will be his second release for the label. ... **Buck Owens** to make a guest appearance on the "Tony Orlando & Dawn" show Dec. 3.

Ray Griff completed work on his first Capitol album. He produced, arranged, played numerous instruments on the sessions, as well as sang. ... This has been a Capitol month for Jack Clements Studios with James Talley, Merle Haggard, Freddie Hart and Gene Watson all recording.

**Danny Davis and the Nashville Brass** set for twelve shows in 1976 sponsored by Amana Freezers and produced by **Wally Cochran**. It marks the first time the two long-time associates have combined their efforts since Cochran's departure from RCA.

## Tommy Cash Okay

NASHVILLE—Physical exhaustion and kidney trouble sent singer Tommy Cash to Nashville's Park View Hospital where he was listed in satisfactory condition after tests and treatment. He is ready to begin a three-week tour of Western states, including an engagement at Har-
